Stripe Fee Changes added to Government and Utility Payments per Regulation- It has been brought to the Town Board's attention that Visa is changing its rules on January 23, 2027. Fees added to government and utility payments made by consumer debit and prepaid cards must be a flat amount of no more than $10. The website currently adds 2.9% plus 30 cents to every card payment and doesn't know the card type when setting that fee, so the setup we currently use on the website won't work under this new rule. Conversation ensued with concerns and ideas. The Board would like to have different companies looked at before making their final decision.
